

**Proposed Default Import Assessment Rates
for the National Dairy Promotion and Research Program**

Tables 1 through 3 provide detailed information concerning default import assessment rates for the National Dairy Promotion and Research Program per the proposed rule.

Table 1 lists the default rates for each HTS code. Table 2 provides a key to the short references listed in Table 3. In Table 3, a description is listed for each product as provide by the U.S. International Trade Commission (ITC). While the descriptions provided by the ITC are helpful, the only definitive descriptions are provided in the Harmonized Tariff Rate Schedule of the United States (HTS, <http://www.usitc.gov/tata/index.htm>). The unit of measure used for the dairy import assessment is the First Unit of Measure listed in the HTS. Several sources were used to determine the default assessments rates.

Table 1: Default rates to be used if the importer does not have adequate documentation concerning the milk-solids content of the imported dairy products

HTS Number	Unit of Measure	Default rate per unit of product (in dollars)
0401.10.0000	liter	0.001
0401.20.2000	liter	0.002
0401.20.4000	liter	0.002
0401.30.0500	liter	0.007
